PERSONNEL

We are proud of our employees who have chosen to grow with us. Ananta started as a family-owned company inspired by a powerful sense of enterprise. The commitment to purpose runs throughout the business and extends to taken care of The family. Many of the employees who started with the company in 1992 have chosen to stay and grown to become directors and partners. They have worked hard, Contributed to the success and in a sense have become part of the larger Ananta family. This "family" takes care of its own during difficult times and shares together in the good times. Through many varied social programs it also reaches out to the greater society. Ananta is proud of our heritage, the business we have built and the employees who have chosen to grow with us.

COMMITMENT TO EMPLOYEES

The company has a progressive management team and provides wage and benefit programs that meet the standards set by international agencies and exceed the national minimums. Ananta is among the first companies in Bangladesh to implement innovative employee ownership, profit sharing and health care programs. It recognizes that health, safety and worker morale are keystones in attaining the capability to produce high quality apparel. The factory is housed in our own building and we provide an excellent work environment that includes sanitation, ventilation and natural lighting. Ananta believes in education and provides all employees with free health, hygiene, medical and educational programs.

Benefits include access to staff doctors, medicine and a women's health clinic sponsored by an International NGO, Mary Stoppes Clinic. Safety programs and routine drills have provided that the facilities and employees are capable of dealing with emergencies with more efficiency than required by international agencies. In terms of compliance and customer requirements, Ananta has always been proactive in taking care of its own family & outside encouragement has never been necessary.
